GENERAL WATER SERVICE

Effective: April 1, 2022

**Schedule: Residential Water – RW
Commercial Water - CW**

AVAILABILITY

These water rates are available to all Littleton Water and Light water customers interconnected to the potable (drinking) water system by a single metered service. Monthly water charges will include water consumption (usage) measured/ recorded monthly through a single water meter plus the applicable monthly customer service charge based on the diameter of the water meter.

WATER USAGE RATE (Billed monthly)

\$3.23 PER 100 Cubic Feet (CCF)

CUSTOMER SERVICE CHARGE: (billed monthly based on the diameter of the water meter)

Meter Size (diameter)	Monthly Charge
5/8 – inch	\$ 7.70
3/4 – inch	\$ 11.30
1 – inch	\$ 12.50
1 ½ - inch	\$ 18.50
2 – inch	\$ 22.00
3 – inch	\$ 45.00
4- inch	\$ 56.00

Minimum charge: The customer shall pay the customer service charge monthly when service is active.

RESIDENTIAL SERVICE RATE

Effective: November 1, 2022

SCHEDULE: R -1, R-5

This rate is available to customers for residential lighting and appliance service in private dwellings, individual residences, single family homes, apartments and is the owners/renters primary place of residence. All energy shall be measured through a single meter/account in owner/ renter's name.

Charges per Month:

Distribution Energy	\$ 0.02403	per kWh
Transmission Energy:	\$ 0.03849	per kWh
Wholesale Energy:	\$ 0.10562	per kWh
PLUS		
Customer Service Charge:	\$ 8.00	per active account

Minimum charge: The customer shall pay the customer service charge monthly when service is active.

Multiple residential/commercial spaces where the consumption is measured through one meter and the meter/ account remains in the landlord's name are not allowed in this class.

SPECIAL SERVICE RATE

Effective: November 1, 2022

SCHEDULE: R - 2

This rate is available to officially authorized and recognized churches and for municipal street lighting use only.

Rate per month:

Distribution Energy:	\$ 0.03715	per kWh
Transmission Energy	\$ 0.06274	per kWh
Wholesale Energy	\$ 0.10372	per kWh
PLUS		
Customer Service Charge:	\$ 12.00	per active account

Minimum charge: The customer shall pay the customer charge monthly when service is active. All energy shall be measured through a single meter.

RESIDENTIAL HOME OCCUPATION RATE

Effective: November 1, 2022

SCHEDULE: R - 3

This rate might be available on a case-by-case basis to customers that operate a small business out of private dwellings or multiple residential/commercial spaces where the consumption is measured through one meter and the meter/ account remains in the landlord's name.

Rate per month:

Distribution Energy:

First 750 kWh	\$ 0.02403	per kWh
Remaining kWh's	\$ 0.07282	per kWh

Transmission Energy:

First 750 kWh	\$ 0.03849	per kWh
Remaining kWh's	\$ 0.08403	per kWh

Wholesale Energy:

First 750 kWh	\$ 0.10562	per kWh
Remaining kWh's	\$ 0.14359	per kWh

PLUS

Customer Service Charge:	\$ 8.00	per Account
--------------------------	---------	-------------

Minimum charge: The customer shall pay the customer service charge monthly when service is active.

All energy shall be measured through a single meter, demand is generally under 5 kW.

CO GENERATION - NET METERING RATE
(Residential)
Effective: November 1, 2022

SCHEDULE: R-4

This rate might be available on a case-by-case basis to customers as allowed by the LWL to operate a qualified and approved net energy metering generating facility on the customer's premises within the service territory of the LWL.

Rate per month:

Distribution Energy	\$ 0.00000	per kWh
Transmission Energy:	\$ 0.00000	per kWh
Wholesale Energy:	-\$ 0.12487	per kWh (CREDIT)
PLUS		
Customer Service Charge:	\$ 8.00	per Account

Minimum charge: The customer shall pay the customer service charge monthly when service is active.

All energy produced and sold back to the LWL shall be measured through a single meter. Any credit balance remaining after December 31st will be reset to zero (0).

Refer to Net Metering policy (adopted February 2013) and interconnection regulations.

COMMERCIAL SMALL SERVICE RATE

(Single phase only)

Effective: November 1, 2022

SCHEDULE: G - 1

The rate is available to all small commercial single-phase customers (only) and small non-residential customers with energy usage less than 6,000 kWh per month.

Rate per month:

Distribution:		
Energy:	\$ 0.03865	per kWh
Demand:	\$ 6.70	per kW
Transmission Energy:	\$ 0.08403	per kWh
Wholesale Energy:	\$ 0.14359	per kWh
	PLUS	
Customer Service Charge:	\$ 12.00	per Account

Minimum charge: The customer shall pay the customer Service charge monthly when service is active.

All energy must be taken through a single meter capable of recording both energy (kwh) and demand (kw).

NO three (3)-phase customers are authorized to receive service in this rate class

COMMERCIAL STANDARD SERVICE RATE

(3- Phase)

Revised: April 3, 2023

SCHEDULE: G - 2

This rate is available to all three - (3) phase commercial customers and small commercial single phase and large non-residential customers that maintain a six (6) consecutive month average energy usage equal to or greater than 6,000 kWh per month but less than 20,000 kWh per month.

Rate per month:

Distribution:			
Energy:	\$ 0.04161	per kWh	
Demand:	\$ 7.58	per kW	
Transmission Energy:	\$ 0.06435	per kWh	
Wholesale Energy:	\$ 0.12275	per kWh	
	PLUS		
Customer Service Charge:	\$ 15.00	per Account	

Minimum charge: The customer shall pay the customer service charge monthly when service is active.

All energy must be taken through a single meter capable of recording energy (kwh) and demand (kw).

Customers supplied with three-(3) phase power shall be responsible for the associated transformer and metering expenses. Pad Mounted transformers are the responsibility of the customer.

LARGE COMMERCIAL SERVICE RATE

(Industrial)

Revised: April 3, 2023

SCHEDULE: G - 3

This rate is available for all large commercial 3- phase customers that maintain a six (6) consecutive month average energy usage equal to or greater than 20,000 kWh per month.

Rate per month:

Distribution:			
Demand:	\$ 4.00	per kVa	
Energy:	\$ 0.02881	per kWh	
Transmission :			
Demand:	\$ 3.00	per kVa	
Energy:	\$ 0.03018	per kWh	
Wholesale :			
Demand:	\$ 7.87	per kVa	
Energy:	\$ 0.10594	per kWh	

PLUS

Customer Service Charge:	\$ 100.00	per Account
--------------------------	-----------	-------------

Minimum charge: The customer shall pay the customer service charge monthly when service is active.

All energy must be taken through a single meter capable of recording, energy (kWh), Demand (kW) and Total Power (kVa). Primary metering systems may be required at the discretion of the LWL and necessary equipment shall be installed at customer's expense.

Customers supplied with three (3) phase power shall be responsible for the associated transformer and metering expenses. Pad Mounted transformers are the responsibility of the customer.

Rate per kVa is based on the customer maintaining a power factor of 90%.

**NET METERING – CO GENERATION RATE
(Commercial)
Effective: November 1, 2022**

SCHEDULE: G-4

This rate might be available on a case-by-case basis to customers as allowed by the LWL to operate a qualified and approved net energy metering generating facility on the customer's premises within the service territory of the LWL.

Rate per month:

Distribution Energy	\$ 0.00000	per kWh
Transmission Energy:	\$ 0.00000	per kWh
Wholesale Energy:	-\$ 0.12487	per kWh (CREDIT)
PLUS		
Customer Service Charge:	\$ 12.00	per Account

Minimum charge: The customer shall pay the customer service charge monthly when service is active.

All energy produced and sold back to the LWL shall be measured through a single meter. Any credit balance remaining after December 31st will be reset to zero (0).

Refer to Net Metering policy (adopted February 2013) and interconnection regulations.

AREA LIGHTING SERVICE

Effective: April 1, 2022

RATE SCHEDULE - AL

Availability:

This rate shall be available for outside area lighting application only (no highway/ road street lighting) when not metered. Customer(s) shall pay the fixed cost that is associated with installation and monthly usage. Littleton Water & Light will maintain/ replace the light at no cost to customer under this schedule. Labor and equipment cost to install the fixture and appurtenances shall be paid at time of installation and will reflect LWL actual cost for service rendered.
